Mysteries of the Pilgrimage, Book 10, is the tenth of the thirty-seven books of Ibn al-Arabi's greatest work *al-Futuhat al-Makkiyah*, the *Openings of Makkah*. The Greatest Teacher, *al-shaykh al-akbar*, Ibn al-Arabi dictated to his close friends this work of over 10,000 manuscript pages depicting the extraordinary vision of the Youth he encountered while circling the Kaabah in Makkah. Despite its clear provenance as a completely accurate work, from the hand and mind of its transcriber, and its reputation through the centuries as the most significant and profound reflection of Islamic thought, the *Futuhat al-Makkiyah* has never been translated from the original classical Arabic in its entirety. The first complete critical edition of twelve volumes was produced in 2010 by Abd al-Aziz Sultan al-Mansoub, after eleven years of intense study of the original manuscripts. From 2012 this translator has been exclusively working on translating this work in order to produce the first complete translation into English of the *Futuhat al-Makkiyah*. The *Futuhat al-Makkiyah* is no conventional religious or philosophical text; it is *sui generis*. Although the work has been described as a vast collection of metaphysics, cosmology, spiritual anthropology, psychology, and jurisprudence, it is first an integral description of a vision. In order to depict what he saw, Ibn al-Arabi draws on different kinds of language: legal and poetic, geometric and theological. Because these languages are difficult, and especially so for readers removed by eight centuries in time, scholars tend to emphasize the difficulty, even impossibility, of translation or even conveying this text (especially without omitting troublesome passages or references). Thus scholarly presentations are limited to excerpts and selections. The translator has benefitted from some of the top Arabic language experts, including Hany Ibrahim, Karim

Crow, Pablo Beneito, and Atif Khalil. The critical editor Sidi al-Mansoub has been generous to me with his guidance and instruction. I am solely responsible for mistakes, and the publication of this on-going project as a preprint is to encourage readers to help me improve the work.

Located on a 160 x 25 site near the south entrance of Newburyports Clipper City Rail Trail, the Alchemical Garden is a richly layered evolving art and horticulture experience that is accessible on many different levels to the public. Alchemical Garden Plot plan Alchemical Garden is designed to become a model for a sustainable, interactive public garden through the use of symbiotic, low maintenance plantings and recycled materials. The ancient discipline of Alchemy marries art and science and is famously known for transforming a common material into gold. The Alchemical Garden will lead the community to transform on a number of levels : Alchemical Garden with Spring Wheat "Crop Circles" June, 2011 BUILD COMMUNITY: The Garden creates a gathering space for individuals to form a more intimate relationship with their community. The space is designed with visual features and seating areas to compel passers-by to pause, reflect, and have a multi-sensory interactive experience ( sight, smell, touch, taste, smell) with the garden and the community.
