

Asset Management Standards: Corporate Governance for Asset Management

Asset management standards are crucial for building trust between investors and capital market experts. The issue of corporate governance has been thrown into the spotlight by the disastrous collapse of Enron and the implications for the industry. The proposed standards are relevant for the entire fund industry, regulators, providers of pension plans and portfolio managers. Produced in association with the European Federation of Financial Analysts Societies, this book aims to provide a well-founded basis for development of the content of asset management standards in the UK, the US and the EU. It contains a detailed overview of the current position, outlines planned developments and discusses underlying problems.

Located on a 160 x 25 site near the south entrance of Newburyports Clipper City Rail Trail, the Alchemical Garden is a richly layered evolving art and horticulture experience that is accessible on many different levels to the public. Alchemical Garden Plot plan Alchemical Garden is designed to become a model for a sustainable, interactive public garden through the use of symbiotic, low maintenance plantings and recycled materials. The ancient discipline of Alchemy marries art and science and is famously known for transforming a common material into gold. The Alchemical Garden will lead the community to transform on a number of levels : Alchemical Garden with Spring Wheat "Crop Circles" June, 2011 BUILD COMMUNITY: The Garden creates a gathering space for individuals to form a more intimate relationship with their community. The space is designed with visual features and seating areas to compel passers-by to pause, reflect, and have a multi-sensory interactive experience (sight, smell, touch, taste, smell) with the garden and the community.
