

# Journey of a Skeptic

Journey of a Skeptic is the intriguing transformation of a Fortune 500 executive and stalwart skeptic to a committed believer in reincarnation. A businessman buried in the world of science and technology is transformed into a spiritual man of faith through an incredible journey of the mind. Jack Acker confronts that question that we are all afraid to ask what really happens to us when we die. What happens to our soul at physical death? Is there more than one time that the soul decides to live in a physical state? What is the purpose of the soul ever being born to begin with? Can a Christian still be a Christian and believe in multiple physical existences? Was reincarnation removed from the Bible? If there is reincarnation, why cant we remember our past lives? Can hypnosis help offer a glimpse of past lives?

All these questions and more confronted Jack following his fathers death. Follow Jacks journey as he faces these questions and more to try and understand the continuity of life. In Jacks search for answers, perhaps you may find some answers too

Located on a 160 x 25 site near the south entrance of Newburyports Clipper City Rail Trail, the Alchemical Garden is a richly layered evolving art and horticulture experience that is accessible on many different levels to the public. Alchemical Garden Plot plan Alchemical Garden is designed to become a model for a sustainable, interactive public garden through the use of symbiotic, low maintenance plantings and recycled materials. The ancient discipline of Alchemy marries art and science and is famously known for transforming a common material into gold. The Alchemical Garden will lead the community to transform on a number of levels : Alchemical Garden with Spring Wheat "Crop Circles" June, 2011 BUILD COMMUNITY: The Garden creates a gathering space for individuals to form a more intimate relationship with their community. The space is designed with visual features and seating areas to compel passers-by to pause, reflect, and have a multi-sensory interactive experience ( sight, smell, touch, taste, smell) with the garden and the community.
