Introduction from the Author The Massachusetts Institute of Technology (MIT) is, unquestionably, one of the most respected colleges in the nation, and its alumni are among the most respected in the world. Being that its the premier school in many science and engineering fields, MIT students have the reputation for being math and science geniuses. Contrary to popular belief, though, MIT is not a place where students spend their free time building mega computers or watching Star Trek marathons on Friday nights. True, these people do exist here, but youre more likely to find fellow students who like to lift weights, play basketball, or go club hopping than you are to find Lewis Skolnik clones who program CPUs just for kicks. The purpose of this book is to show you some of the other aspects of the school that no one realizes except for the people who go here. From the ins and outs of the dining system, to understanding the different dorms, there are many things that MIT wont tell you in its standard information packets. In fact, there are a lot of things that students dont learn about until they are upperclassmen. One of the most unique things about MIT is that it is almost impossible to generalize anything about this school. MITs admissions office chooses people who are exceptional, and these people shape all the different aspects of life on campus. So, forget everything youve heard, and forget all the stereotypes, because MIT is a school that will constantly surprise you, unless, of course, you read this book. Good luck! Located on a 160 x 25 site near the south entrance of Newburyports Clipper City Rail Trail, the Alchemical Garden is a richly layered evolving art and horticulture experience that is accessible on many different levels to the

public. Alchemical Garden Plot plan Alchemical Garden is designed to become a model for a sustainable, interactive public garden through the use of symbiotic, low maintenance plantings and recycled materials. The ancient discipline of Alchemy marries art and science and is famously known for transforming a common material into gold. The Alchemical Garden will lead the community to transform on a number of levels : Alchemical Garden with Spring Wheat "Crop Circles" June, 2011 BUILD COMMUNITY: The Garden creates a gathering space for individuals to form a more intimate relationship with their community. The space is designed with visual features and seating areas to compel passers-by to pause, reflect, and have a multi-sensory interactive experience ( sight, smell, touch, taste, smell) with the garden and the community.
