

Saturn: A New Look at an Old Devil

Have you ever experienced the repeated delays, pressures, and disappointment associated with Saturn's transits and cycles? This classic astrology text, revered by both beginning and professional astrologers alike, offers a fresh perspective on how to handle the influence of this much-maligned astrological symbol. World-famous astrologer and Jungian analyst Liz Greene brings her unique psychological approach to Saturn, showing us how the frustrating experiences connected to this planet can be turned into opportunities for greater insight and meaning in our lives. Saturn, she says, symbolizes a psychic process--one that allows us to utilize the experience of pain for self-discovery and greater understanding. Greene traces the character of this most important planet through sign, house, aspect, synastry, and its role in mythology. She offers a brilliant analysis of Saturn to reveal the face of the Initiator who, for the price of our honesty, offers us greater consciousness, self-understanding, and, eventually, freedom. This 35th anniversary edition includes a new foreword by leading astrologer and author Robert Hand.

Located on a 160 x 25 site near the south entrance of Newburyport's Clipper City Rail Trail, the Alchemical Garden is a richly layered evolving art and horticulture experience that is accessible on many different levels to the public. Alchemical Garden Plot plan Alchemical Garden is designed to become a model for a sustainable, interactive public garden through the use of symbiotic, low maintenance plantings and recycled materials. The ancient discipline of Alchemy marries art and science and is famously known for transforming a common material into gold. The Alchemical Garden will lead the community to transform on a number of levels : Alchemical Garden with Spring Wheat "Crop Circles" June, 2011 BUILD COMMUNITY: The Garden creates a gathering space for individuals to form a more intimate relationship with their community. The space is designed with visual features and seating areas to compel passers-by to pause, reflect, and have a multi-sensory interactive experience (sight, smell, touch, taste, smell) with the garden and the community.
