

Social and Behavioral Foundations of Public Health

Emphasizing the importance of social context and cultural construction, *Social and Behavioral Foundations of Public Health* examines current issues in health from a social and behavioral sciences perspective. The book uses a social ecological framework to address multilevel influences on health and enlarge the dominant risk factor approach to health behavior. Editor Jeannine Coreil and contributing authors use examples from the forefront of public health to illustrate the relevance of corecompetencies in the field to diverse real-world problems. The Second Edition has been thoroughly updated and revised throughout, based on user feedback, and includes new theory, research, case studies. Key Features: Applies the social ecology of health model to contemporary issues at the individual and group levelDraws from a wide range of disciplines, including medical sociology, health psychology, medical anthropology, demography, gerontology, and economics Describes planning, implementation, and evaluation of public health programs, policies, and interventions Features engaging case studies and examples on topics such as HIV/AIDS and breast cancerIncludes new Special Topics section, with chapters on childhood obesity, injury prevention, and occupational health Offers practical advice for students and practitioners interested in updating their knowledge and skills *Social and Behavioral Foundations of Public Health* is intended as a core textbook for graduate courses in public health and health care management that examine current issues in health from a social and behavioral sciences perspective.

Located on a 160 x 25 site near the south entrance of Newburyports Clipper City Rail Trail, the Alchemical

Garden is a richly layered evolving art and horticulture experience that is accessible on many different levels to the public. Alchemical Garden Plot plan Alchemical Garden is designed to become a model for a sustainable, interactive public garden through the use of symbiotic, low maintenance plantings and recycled materials. The ancient discipline of Alchemy marries art and science and is famously known for transforming a common material into gold. The Alchemical Garden will lead the community to transform on a number of levels : Alchemical Garden with Spring Wheat "Crop Circles" June, 2011 BUILD COMMUNITY: The Garden creates a gathering space for individuals to form a more intimate relationship with their community. The space is designed with visual features and seating areas to compel passers-by to pause, reflect, and have a multi-sensory interactive experience (sight, smell, touch, taste, smell) with the garden and the community.
