

Sustaining Distance Training: Integrating Learning Technologies into the Fabric of the Enterprise

In this companion volume to *Distance Training*, *Sustaining Distance Training* presents practical steps for integrating distance training into the day-to-day operations of any organization. Berge shows organizations how to move beyond the initial phases of setting up a distance training program and make it a part of the strategic planning process, including infrastructure, budget, staffing, and policy planning. He explains how twenty of the world's leading organizations have mastered the basics of distance training and have taken their efforts to the next level where distance training becomes the most effective method for delivering the training your workforce needs to embrace emerging technologies in today's highly competitive, global economy.

Green Artists League GALvanizing Eco-Responsibility Subscribe via RSS HOME ABOUT ALCHEMICAL GARDEN ECOVENTIONS Help Cultivate The Alchemical Garden: An Edible Garden and Art Park at Newburyport's Rail Trail Posted by erin on April 25, 2011 3 comments The Alchemical Garden site February 2010 GAL is turning a desolate field of weeds into a visually compelling garden that will educate and engage the community for years to come. Located on a 160 x 25 site near the south entrance of Newburyport's Clipper City Rail Trail, the Alchemical Garden is a richly layered evolving art and horticulture experience that is accessible on many different levels to the public. Alchemical Garden Plot plan Alchemical Garden is designed to become a model for a sustainable, interactive public garden through the use of symbiotic, low maintenance plantings and recycled materials. The ancient discipline of Alchemy marries art and science and is famously known for transforming a common material into gold. The Alchemical Garden will lead the community to transform on a number of levels : Alchemical Garden with Spring Wheat "Crop Circles" June, 2011 BUILD COMMUNITY: The Garden creates a gathering space for individuals to form a more intimate relationship with their community. The space is designed with visual features and seating areas to compel passers-by to pause, reflect, and have a multi-sensory interactive experience (sight, smell, touch, taste, smell) with the garden and the community.
