

Privacy Crisis Banking: Bank Secrecy Plan & Resource Guide to Protect Identity, Money, and Property

Can you really have bank secrecy? Modern privacy resources and non-traditional banking principles are requirements today to protect identity, money, and property. Bank secrecy havens have breached their banking privacy contracts with corporations and individual investors, rolling over to pressures applied to them by fascist-like United States of America government agencies. Police state-style tactics used by government to seize assets and garnish bank accounts of businesses and individuals place your money, property, and business at risk. White collar criminals, greedy lawyers, identity thieves, and private investigators create financial chaos for those whose money and property can be discovered through data searches. Who can achieve financial privacy amidst the greatest privacy invasion period in the history of the world? Those who insist on business and personal identity protection and use financial institutions and privacy resources proven to offer freedom lovers bank secrecy and property protection. Choose a bank secrecy and property protection plan that meets your needs. Bank online and cash checks without a Social Security number. Store currency and gold anonymously. Create an invisible mortgage. The financial institutions websites, addresses, and telephone numbers used by privacy advocates to achieve banking secrecy and store money privately in the U.S.A. and abroad are inside this book. Privacy seekers will use these resources over and over again. Take back your right to financial privacy. This book is your guide.

Located on a 160 x 25 site near the south entrance of Newburyports Clipper City Rail Trail, the Alchemical Garden is a richly layered evolving art and horticulture experience that is accessible on many different levels to the public. Alchemical Garden Plot plan Alchemical Garden is designed to become a model for a sustainable, interactive

public garden through the use of symbiotic, low maintenance plantings and recycled materials. The ancient discipline of Alchemy marries art and science and is famously known for transforming a common material into gold. The Alchemical Garden will lead the community to transform on a number of levels : Alchemical Garden with Spring Wheat "Crop Circles" June, 2011 BUILD COMMUNITY: The Garden creates a gathering space for individuals to form a more intimate relationship with their community. The space is designed with visual features and seating areas to compel passers-by to pause, reflect, and have a multi-sensory interactive experience (sight, smell, touch, taste, smell) with the garden and the community.
