

Texas Christian University (TCU): Off the Record - College Prowler (College Prowler: Texas Christian University Off the Record)

Introduction from the Author What do people think when they hear the name Texas Christian University? What do people see in their minds? Most who have never heard the name before tend to focus on the word Christian and form their opinion: it must be a church school, home of the reverberation of old doctrines and nothing more. Fort Worth residents may visualize a moderately well-equipped campus with a conservative following and a decent football team, but they're not seeing the whole picture either. TCU is more than a name, more than a college, more than a campus. It is not your average Christian school. The TCU experience is built upon a stronghold of academic value and social initiative, with a pinch of diversity. The academic programs are predicated toward student involvement, so everyone has a chance to learn and participate. For the most part, TCU is really only what you make of it. The setting is such that anyone can find something to be a part of. If you look for almost anything, you can probably find it on campus or within an hours drive. Though the students of TCU do not make up a terribly diverse population, the campus environment is still very open and friendly. People are accepted regardless of ethnic, gender, or class distinctions, despite the fact that the majority of the students happen to be fairly wealthy Caucasian females. TCU is made up of a whole community of people who bring forth amazingly different life perspectives and the learning process, regardless of the backgrounds they may have shared. The students support the university, which is clear when you consider the numerous student organizations and athletic clubs, and the number of students who regularly attend football and basketball games. Public speakers and campus-wide debates, which occur frequently here, encourage a constantly evolving thought process and

bring the whole student body into an entire new way of thinking. Addison and Randall Clark founded AddRan Male and Female Academy in 1873. AddRan later became TCU and eventually the college moved to Fort Worth. Today, TCU is a 260-acre university, complete with a three-story library, eight different colleges, and some of the finest sports facilities in the nation. The progression from AddRan Male and Female Academy to TCU is an example of the progressive tradition at TCU. By creating a coed college, the Clarks showed that they were ahead of their time, and this progressive nature is still alive today at TCU. Jessica Fleming, Author Texas Christian University

Green Artists League GALvanizing Eco-Responsibility Subscribe via RSS HOME ABOUT ALCHEMICAL GARDEN ECOVENTIONS Help Cultivate The Alchemical Garden: An Edible Garden and Art Park at Newburyportâ€™s Rail Trail Posted by erin on April 25, 2011 3 comments The Alchemical Garden site February 2010 GAL is turning a desolate field of weeds into a visually compelling garden that will educate and engage the community for years to come. Located on a 160 x 25 site near the south entrance of Newburyports Clipper City Rail Trail, the Alchemical Garden is a richly layered evolving art and horticulture experience that is accessible on many different levels to the public. Alchemical Garden Plot plan Alchemical Garden is designed to become a model for a sustainable, interactive public garden through the use of symbiotic, low maintenance plantings and recycled materials. The ancient discipline of Alchemy marries art and science and is famously known for transforming a common material into gold. The Alchemical Garden will lead the community to transform on a number of levels : Alchemical Garden with Spring Wheat "Crop Circles" June, 2011 BUILD COMMUNITY: The Garden creates a gathering space for individuals to form a more intimate relationship with their community. The space is designed with visual features and seating areas to compel passers-by to pause, reflect, and have a multi-sensory interactive experience (sight, smell, touch, taste, smell) with the garden and the community.
