Included in this New version is information about Tobacco and the Pipe Ceremony, the Smudging and Clearing of people, places, and objects and so much more like information about the Way of Ritual and Ceremony. There have been many books written about Medicine people and Shamanism in general but very few if any Real and Practical Guides so as to learn and experience the Way of it. Now one does and This is it! Over the years commonly referred to as The Big Book by White Eagle and those that have come to learn the Medicine Way from him, this is the first material written when Great Pop told White Eagle to: Write This Book. The Medicine Way is actually seven books in one being that of: The Medicine of Prayer - The How To and Why of Prayer. Earthwalk - The How To of being incarnate on Mother Earth. Walking the Round Way - The How To of Relationships. The Medicine Wheel - Not only the How To, but also the Why and What of it. Mineral Spirit Medicine - Describes the Medicine and potential support from many of the different stones and minerals that White

Eagle uses in his practice of the Medicine Way. Plant Spirit Medicine - Describes the Medicine and essential nature of most of the common trees and plants. Also described is the Medicine of the Spirit of common food plants as well the support one can receive from many of the herbs listed. Animal Spirit Medicine - Includes what different animals mean in vision or dreams as well as in ones daily encounters. This material has recently undergone formal editing and in the process its coverage has become expanded even further than before. It is now also available in printed form in both color and black and white versions. This Book is for any and all that desire to know, and know more about Spirits, Spirituality, Medicine, and The Medicine Way.
