

Raw Food: A Beginners Guide

A diet consisting completely of raw food may be unrealistic for the majority of us, but increasing your intake is a step in the right direction. Some is better than none. The five a day portions of fruit and vegetables suggested by many experts is a great start to eating more raw food but you need to decide what to eat effortlessly, so you don't find yourself struggling on apple number five by the end of the day. The real key is making the recipes you try out tasty, so that your meal doesn't become a chore to make and eat. Just make sure that what you eat is what you want to eat, and not what you think you ought to eat.

Located on a 160 x 25 site near the south entrance of Newburyport's Clipper City Rail Trail, the Alchemical Garden is a richly layered evolving art and horticulture experience that is accessible on many different levels to the public. Alchemical Garden Plot plan Alchemical Garden is designed to become a model for a sustainable, interactive public garden through the use of symbiotic, low maintenance plantings and recycled materials. The ancient discipline of Alchemy marries art and science and is famously known for transforming a common material into gold. The Alchemical Garden will lead the community to transform on a number of levels : Alchemical Garden with Spring Wheat "Crop Circles" June, 2011 BUILD COMMUNITY: The Garden creates a gathering space for individuals to form a more intimate relationship with their community. The space is designed with visual features and seating areas to compel passers-by to pause, reflect, and have a multi-sensory interactive experience (sight, smell, touch, taste, smell) with the garden and the community.
