

The Shamanic Healer: The Healing World of Ikuko Osumi and the Traditional Art of Seiki-Jutsu

Although traditional medicine is still widely practiced in Japan, some forms of it are extremely rare. One of these is Seiki-jutsu, an ancient form of healing based on focusing and transmitting vital life force from healer to patient. One of the few remaining practitioners of this pre-Buddhist art is an extraordinary shamanic healer named Ikuko Osumi. Malcolm Ritchie is Ikuko Osumis deshi, or apprentice, and the first Westerner to be initiated in the art of Seki-jutsu. He recounts Osumis life story from her earliest years as a sensitive, psychic child to her development as a healer. Included are case histories of her work and chapters on the basic method, philosophy, and ritual of Seiki-jutsu. The second part of The Shamanic Healer is a personal narrative of Ritchies own experiences of Seiki power and the dramatic story of his initiation and training as Osumis apprentice. His account recalls the tremendous personal transformation that was necessary for him to develop as a practitioner of Seiki-jutsu.

Located on a 160 x 25 site near the south entrance of Newburyports Clipper City Rail Trail, the Alchemical Garden is a richly layered evolving art and horticulture experience that is accessible on many different levels to the public. Alchemical Garden Plot plan Alchemical Garden is designed to become a model for a sustainable, interactive public garden through the use of symbiotic, low maintenance plantings and recycled materials. The ancient discipline of Alchemy marries art and science and is famously known for transforming a common material into gold. The Alchemical Garden will lead the community to transform on a number of levels : Alchemical Garden with Spring Wheat "Crop Circles" June, 2011 BUILD COMMUNITY: The Garden creates a gathering space for individuals to form a more intimate relationship with their community. The space is designed with visual features and seating areas to compel passers-by to pause, reflect, and have a multi-sensory interactive experience (sight, smell, touch, taste, smell) with the garden and the community.
