Post 9/11, sales of translations of the Quran have greatly increased. Students and general readers alike are increasingly interested in the sacred writings of Islam. But the Quran can often make difficult reading. It lacks continuous narrative, and different types of material dealing with different topics are often found in the same chapter. Also, readers often attempt to read the book from start to finish and without any knowledge of the life and experiences of both Muhammad and the community of Islam. Introductions to the Quran attempt to make interpretation of these complex scriptures easier by discussing context, history and different interpretations, and presenting selective textual examples. Bennetts new introduction takes a fresh approach to studying the Quran. By reordering parts of the Quran, placing its chapters and verses into a continuous narrative, the author creates a framework that untangles and elucidates its seemingly unconnected content. Through this new approach the reader will come to understand various aspects of the Qurans interpretation, from Muhammads life, to Muslim conduct and prayer, to legal considerations.

Located on a 160 x 25 site near the south entrance of Newburyports Clipper City Rail Trail, the Alchemical Garden is a richly layered evolving art and horticulture experience that is accessible on many different levels to the public. Alchemical Garden Plot plan Alchemical Garden is designed to become a model for a sustainable, interactive public garden through the use of symbiotic, low maintenance plantings and recycled materials. The ancient discipline of Alchemy marries art and science and is famously known for transforming a common material into gold. The Alchemical Garden will lead the community to transform on a number of levels : Alchemical Garden with Spring Wheat "Crop Circles" June, 2011 BUILD COMMUNITY: The Garden creates a gathering space for individuals to form a more intimate relationship with their community. The space is designed with visual features and seating areas to compel passers-by to pause, reflect, and have a multi-sensory interactive experience ( sight, smell, touch, taste, smell) with the garden and the community.
