

Profile of the Wood Furniture and Fixtures Industry

You may know what your environmental compliance obligations are, but do you know how EPA sees them? Created by the EPA, this industry-specific handbook includes a comprehensive environmental profile, industrial process information, pollution prevention techniques, pollutant release data, and regulatory requirements unique to the wood furniture and fixtures industry. Use the information presented in this book to build a foundation for developing holistic solutions to environmental problems, research the wood furniture and fixtures industry and its environmental regulations, understand compliance issues, develop industry-specific training sessions/programs, or create and improve innovative pollution-prevention programs that would make any EPA inspector smile.

Green Artists League GALvanizing Eco-Responsibility Subscribe via RSS HOME ABOUT ALCHEMICAL GARDEN ECOVENTIONS Help Cultivate The Alchemical Garden: An Edible Garden and Art Park at Newburyport's Rail Trail Posted by erin on April 25, 2011 3 comments The Alchemical Garden site February 2010 GAL is turning a desolate field of weeds into a visually compelling garden that will educate and engage the community for years to come. Located on a 160 x 25 site near the south entrance of Newburyports Clipper City Rail Trail, the Alchemical Garden is a richly layered evolving art and horticulture experience that is accessible on many different levels to the public. Alchemical Garden Plot plan Alchemical Garden is designed to become a model for a sustainable, interactive public garden through the use of symbiotic, low maintenance plantings and recycled materials. The ancient discipline of Alchemy marries art and science and is famously known for transforming a common material into gold. The Alchemical Garden will lead the community to transform on a number of levels : Alchemical Garden with Spring Wheat "Crop Circles" June, 2011 BUILD COMMUNITY: The Garden creates a gathering space for individuals to form a more intimate relationship with their community. The space is designed with visual features and seating areas to compel passers-by to pause, reflect, and have a multi-sensory interactive experience (sight, smell, touch, taste, smell) with the garden and the community.
