

Shades Of Green: A (mostly) practical A-Z for the reluctant environmentalist

Few of us have what it takes to go all the way on the green scale. Yet as fears about the food chain, climate change, plummeting biodiversity and the sustainability of our current lifestyles take hold, wouldn't it be good to be clear about our range of options? Whether you are pondering bicycles or baths, holidays or heating, pets or pasta, washing dishes or wine, *Shades of Green* is the book for you. It's an easy-to-use, A-Z guide which sets out your choices on a scale from completely green to not even a little bit green. No preaching. No finger-wagging. Whether you're an eco-warrior or a planet-trasher or, like most of us, something in between, *Shades of Green* will give you all you need to know so you can choose what suits you best. This is essential and often surprising reading.

Green Artists League GALvanizing Eco-Responsibility Subscribe via RSS HOME ABOUT ALCHEMICAL GARDEN ECOVENTIONS Help Cultivate The Alchemical Garden: An Edible Garden and Art Park at Newburyport's Rail Trail Posted by erin on April 25, 2011 3 comments The Alchemical Garden site February 2010 GAL is turning a desolate field of weeds into a visually compelling garden that will educate and engage the community for years to come. Located on a 160 x 25 site near the south entrance of Newburyport's Clipper City Rail Trail, the Alchemical Garden is a richly layered evolving art and horticulture experience that is accessible on many different levels to the public. Alchemical Garden Plot plan Alchemical Garden is designed to become a model for a sustainable, interactive public garden through the use of symbiotic, low maintenance plantings and recycled materials. The ancient discipline of Alchemy marries art and science and is famously known for transforming a common material into gold. The Alchemical Garden will lead the community to transform on a number of levels : Alchemical Garden with Spring Wheat "Crop Circles" June, 2011 BUILD COMMUNITY: The Garden creates a gathering space for individuals to form a more intimate relationship with their community. The space is designed with visual features and seating areas to compel passers-by to pause, reflect, and have a multi-sensory interactive experience (sight, smell, touch, taste, smell) with the garden and the community.
