

The diversity dashboard

Diversity can be the cause of many problems at work and most people fail to recognise them. It is not just verbal expressions that cause confusion and distress. Beyond every gesture lies a world of meaning and interpretation. We do not all communicate in the same way. This, alongside strict policies around political correctness and inclusion, creates confusion, fear and a type of paralysis which can seriously undermine performance. The Diversity Dashboard is a quick reference guide that aims to help managers to bridge the cultural gaps in their organisations. Swallow and Milnes use the analogy of a pilots cockpit to describe the various functions, instruments and levers that managers can employ to close the cultural gaps that prevent their organisations from succeeding fully. Navigation, compass reading, understanding the cultural cockpit, addressing turbulence, ensuring the organization has a flight management system and passport control all play their part in this lively and entertaining book. The Diversity Dashboard delivers a serious message in an accessible way that shows how far different world views can inhibit performance.

Located on a 160 x 25 site near the south entrance of Newburyports Clipper City Rail Trail, the Alchemical Garden is a richly layered evolving art and horticulture experience that is accessible on many different levels to the public. Alchemical Garden Plot plan Alchemical Garden is designed to become a model for a sustainable, interactive public garden through the use of symbiotic, low maintenance plantings and recycled materials. The ancient discipline of Alchemy marries art and science and is famously known for transforming a common material into gold. The Alchemical Garden will lead the community to transform on a number of levels : Alchemical Garden with Spring Wheat "Crop Circles" June, 2011 BUILD COMMUNITY: The Garden creates a gathering space for individuals to form a more intimate relationship with their community. The space is designed with visual features and seating areas to compel passers-by to pause, reflect, and have a multi-sensory interactive experience (sight, smell, touch, taste, smell) with the garden and the community.
