

Geopathic Stress & Subtle Energy

If you suffer from tiredness, headaches, irritability, miscarriages, or chronic ill health that doesn't respond to treatment, you may be suffering from geopathic stress. Geopathic comes from two Greek words: geo means of the earth, and pathos means suffering or disease. The word geopathic literally means suffering or disease of the earth. If you live and work above such an area, you are likely to have difficulty staying well, and if you get sick you will find it difficult to get well. This book looks at the theories about the causes of geopathic stress (electromagnetic, paranormal and subtle energy) and the different types of GS. It explains how GS can be detected, the various types of remedial action that can be taken and how individuals can protect themselves. This is a comprehensive look at this fascinating subject with many case studies from experts in this field. Read about the people who got better by getting their houses fixed. Understand how the author predicted on a TV programme that a man she had never met would suffer with leg or back problems, and that someone in the house probably had migraines. Read about the dog that suddenly stopped barking, the cows that were healthier and produced more milk, and the accident black spot that suddenly became safe. How did the author successfully meet the challenge to predict where people with headaches would be sitting in a lecture theatre, and how could she identify where the sick employees were sitting on three floors of an office block? You may start as a sceptic, but read this book and see what is really going on.

Located on a 160 x 25 site near the south entrance of Newburyport's Clipper City Rail Trail, the Alchemical Garden is a richly layered evolving art and horticulture experience that is accessible on many different levels to the public. Alchemical Garden Plot plan Alchemical Garden is designed to become a model for a sustainable, interactive

public garden through the use of symbiotic, low maintenance plantings and recycled materials. The ancient discipline of Alchemy marries art and science and is famously known for transforming a common material into gold. The Alchemical Garden will lead the community to transform on a number of levels : Alchemical Garden with Spring Wheat "Crop Circles" June, 2011 BUILD COMMUNITY: The Garden creates a gathering space for individuals to form a more intimate relationship with their community. The space is designed with visual features and seating areas to compel passers-by to pause, reflect, and have a multi-sensory interactive experience (sight, smell, touch, taste, smell) with the garden and the community.
