Many of the images are today iconic masterpieces. . . . One of the most influential art books of its time. The Big Issue In 1984 the groundbreaking Subway Art brought graffiti to the world, presenting stunning photographic documentation of the burgeoning movement in New York. Thirty years later, this bible of street art has been updated with over seventy photographs not included in the original edition and new insights on an incredibly rich period for urban art and its legacy. In new introductions, authors Martha Cooper and Henry Chalfant recall how they gained entry into the New York City graffiti community in the 1970s and 1980s. New afterwords continue the story, tracing the decline of the subway and graffiti scene in the late 1980s to its unexpected rebirth as a global art movement. The authors reveal how the lives of the original subway artists have unfolded and mourn the loss of several to the darker forces of the street. 153 color illustrations

Located on a 160 x 25 site near the south entrance of Newburyports Clipper City Rail Trail, the Alchemical Garden is a richly layered evolving art and horticulture experience that is accessible on many different levels to the public. Alchemical Garden Plot plan Alchemical Garden is designed to become a model for a sustainable, interactive public garden through the use of symbiotic, low maintenance plantings and recycled materials. The ancient discipline of Alchemy marries art and science and is famously known for transforming a common material into gold. The Alchemical Garden will lead the community to transform on a number of levels : Alchemical Garden with Spring Wheat "Crop Circles" June, 2011 BUILD COMMUNITY: The Garden creates a gathering space for individuals to form a more intimate relationship with their community. The space is designed with visual features and seating areas to compel passers-by to pause, reflect, and have a multi-sensory interactive experience ( sight, smell, touch, taste, smell) with the garden and the community.
