

The British Computer Society: Celebrating 50 Years

This is a limited edition anniversary publication marking 50 years of the British Computer Society and tracing the growth and development of computing and IT in the United Kingdom from its infancy. Presented in full colour, this book is lavishly illustrated throughout with rare archive photographs and includes quotes and contributions from IT luminaries both past and present. The introduction is by Nigel Shadbolt, BCS President, 2006-2007.

Located on a 160 x 25 site near the south entrance of Newburyports Clipper City Rail Trail, the Alchemical Garden is a richly layered evolving art and horticulture experience that is accessible on many different levels to the public. Alchemical Garden Plot plan Alchemical Garden is designed to become a model for a sustainable, interactive public garden through the use of symbiotic, low maintenance plantings and recycled materials. The ancient discipline of Alchemy marries art and science and is famously known for transforming a common material into gold. The Alchemical Garden will lead the community to transform on a number of levels : Alchemical Garden with Spring Wheat "Crop Circles" June, 2011 BUILD COMMUNITY: The Garden creates a gathering space for individuals to form a more intimate relationship with their community. The space is designed with visual features and seating areas to compel passers-by to pause, reflect, and have a multi-sensory interactive experience (sight, smell, touch, taste, smell) with the garden and the community.
