

Pragmatic Project Management: Five Scalable Steps to Project Success

One size does not fit all in project management. To achieve success it is crucial to choose the most appropriate approach for the size and complexity of the project. Over-managing a small project can bog it down with bureaucracy, while taking a laid-back view on a complex project can lead to disaster. Pragmatic Project Management: Five Steps to Scalable Success helps you to select the methodologies and tools that will enable you to achieve maximum gain on your project while expending minimum effort. This clearly written guide lays the groundwork by explaining project sizing and management scaling before taking you through the five essential elements of pragmatic project management: The project charter; The project team; The project plan; Project issue management; and, Project status tracking and reporting. Designed to follow the process of planning and managing your project, each chapter ends with checklists and practical tips to help you track your progress and apply your knowledge.

Located on a 160 x 25 site near the south entrance of Newburyports Clipper City Rail Trail, the Alchemical Garden is a richly layered evolving art and horticulture experience that is accessible on many different levels to the public. Alchemical Garden Plot plan Alchemical Garden is designed to become a model for a sustainable, interactive public garden through the use of symbiotic, low maintenance plantings and recycled materials. The ancient discipline of Alchemy marries art and science and is famously known for transforming a common material into gold. The Alchemical Garden will lead the community to transform on a number of levels : Alchemical Garden with Spring Wheat "Crop Circles" June, 2011 BUILD COMMUNITY: The Garden creates a gathering space for individuals to form a more intimate relationship with their community. The space is designed with visual features and seating areas to compel passers-by to pause, reflect, and have a multi-sensory interactive experience (sight, smell, touch, taste, smell) with the garden and the community.
