

# The Fear Project: What Our Most Primal Emotion Taught Me About Survival, Success, Surfing . . . And Love

Award-winning journalist Jaimal Yogis delivers a fascinating narrative account of one of our oldest evolutionary traits--fear--using his own harrowing adventures on an epic adventure full of incredible characters, death-defying athletic achievement, and bleeding edge science. The Fear Project began with one question: how can we overcome our fears to reach our full potential? Who among us has not been paralyzed by fear? In The Fear Project, award-winning journalist and surfer Jaimal Yogis sets out to better understand fear--why does it so often dominate our lives, what makes it tick, and is there even a way to use it to our advantage? In the process, he plunges readers into great white shark-infested waters, brings them along to surf 40-foot waves in the dead of winter, and gives them access to some of the worlds best neuroscience labs, psychologists, and extreme athletes. In this entertaining, often laugh-out-loud narrative, Yogis also treats himself like a guinea pig for all of his research, pushing his own fears repeatedly to the limits--in his sport, in his life, and in love. Ultimately, Yogis shares with his readers the best strategies to emerge triumphant from even the most paralyzing of fears. The Fear Project gives readers insight into the following: How fear evolved in the human brain How to tell the difference between good fear and bad fear How to use the latest neuroscience to transform fear memories Why fear spreads between us and how to counteract fearful group think How to turn fear into a performance enhancer--athletically and at work In pursuing this terrifying--and often thrilling--journey with Yogis, we learn how to move through fear and unlock a sense of renewed possibility and a more rewarding life.

Trail Posted by erin on April 25, 2011 3 comments The Alchemical Garden site February 2010 GAL is turning a desolate field of weeds into a visually compelling garden that will educate and engage the community for years to come. Located on a 160 x 25 site near the south entrance of Newburyports Clipper City Rail Trail, the Alchemical Garden is a richly layered evolving art and horticulture experience that is accessible on many different levels to the public. Alchemical Garden Plot plan Alchemical Garden is designed to become a model for a sustainable, interactive public garden through the use of symbiotic, low maintenance plantings and recycled materials. The ancient discipline of Alchemy marries art and science and is famously known for transforming a common material into gold. The Alchemical Garden will lead the community to transform on a number of levels : Alchemical Garden with Spring Wheat "Crop Circles" June, 2011 BUILD COMMUNITY: The Garden creates a gathering space for individuals to form a more intimate relationship with their community. The space is designed with visual features and seating areas to compel passers-by to pause, reflect, and have a multi-sensory interactive experience ( sight, smell, touch, taste, smell) with the garden and the community.
