

ARIS for Organic Chemistry Access Card

McGraw-Hill's Organic Chemistry, 2nd edition ARIS website (Assessment, Review, and Instruction System) makes homework meaningful and manageable for instructors and students. Instructors can assign and grade chapter-specific homework within the industry's most robust and versatile homework management system. These homework questions can import into a variety of course management solutions such as WebCT, Blackboard, and WebAssign. These course cartridges also provide online testing and powerful student tracking features. From the ARIS website, students can access these chapter-specific self-study quizzes and other useful tools. Go to www.mhhe.com/smith2e to learn more.

Located on a 160 x 25 site near the south entrance of Newburyport's Clipper City Rail Trail, the Alchemical Garden is a richly layered evolving art and horticulture experience that is accessible on many different levels to the public. Alchemical Garden Plot plan Alchemical Garden is designed to become a model for a sustainable, interactive public garden through the use of symbiotic, low maintenance plantings and recycled materials. The ancient discipline of Alchemy marries art and science and is famously known for transforming a common material into gold. The Alchemical Garden will lead the community to transform on a number of levels : Alchemical Garden with Spring Wheat "Crop Circles" June, 2011 BUILD COMMUNITY: The Garden creates a gathering space for individuals to form a more intimate relationship with their community. The space is designed with visual features and seating areas to compel passers-by to pause, reflect, and have a multi-sensory interactive experience (sight, smell, touch, taste, smell) with the garden and the community.
