

Vital Signs: The Nature and Nurture of Passion

Rediscover or discover for the first time the things that make you passionate in life. Vital Signs is about what inspires passion and what defeats it. How we lose it and how we get it back. And ultimately it's about the endless yet endlessly fruitful tug-of-war between freedom and domestication, the wild in us and the tame, our natural selves and our conditioned selves. Each chapter in Vital Signs will contain a core sample, an intimate biography of one of the strategies we employ to gain or regain our passion. The book also affirms the importance of courageous inquiry into dispassion where we were numb, depressed, stuck, bored so the reader can recognize and change these tendencies in themselves. From the Trade Paperback edition.

Green Artists League GALvanizing Eco-Responsibility Subscribe via RSS HOME ABOUT ALCHEMICAL GARDEN ECOVENTIONS Help Cultivate The Alchemical Garden: An Edible Garden and Art Park at Newburyport's Rail Trail Posted by erin on April 25, 2011 3 comments The Alchemical Garden site February 2010 GAL is turning a desolate field of weeds into a visually compelling garden that will educate and engage the community for years to come. Located on a 160 x 25 site near the south entrance of Newburyport's Clipper City Rail Trail, the Alchemical Garden is a richly layered evolving art and horticulture experience that is accessible on many different levels to the public. Alchemical Garden Plot plan Alchemical Garden is designed to become a model for a sustainable, interactive public garden through the use of symbiotic, low maintenance plantings and recycled materials. The ancient discipline of Alchemy marries art and science and is famously known for transforming a common material into gold. The Alchemical Garden will lead the community to transform on a number of levels : Alchemical Garden with Spring Wheat "Crop Circles" June, 2011 BUILD COMMUNITY: The Garden creates a gathering space for individuals to form a more intimate relationship with their community. The space is designed with visual features and seating areas to compel passers-by to pause, reflect, and have a multi-sensory interactive experience (sight, smell, touch, taste, smell) with the garden and the community.
