THE ESSENTIAL MAXIMILLIEN DE LAFAYETTE is a synopsis of the 200 books, the author wrote on the subjects of the Anunnaki, the afterlife, the supernatural powers of the Anunnaki Ulema, the paranormal, the occult, parallel dimensions, multiple universes, the Conduit, the Supersymmetric Mind, the Double, the Astral Body, communications with spirits and entities from the world beyond, the power of the mind, mediumship, channeling, the enlightenment, the Fourth Dimension, the Fifth Dimension, Earth energy, healing, the world outside time and space, extraterrestrials, time-travel, reading the future, and similar topics. This is NOT a repetitious book. It was intentionally compiled from the most important concepts, theories, esoteric techniques, wisdom, Eastern philosophy, the world of the mystic seers The Ulema, and particularly the teaching of Maximillien de Lafayette. This series consists of 2 massive volumes, each exceeding 700 pages (50 MB). This manual is also the Official Anunnaki Ulema Textbook for the Teacher and the Student. De Lafayette wrote more than 800 books, 200 of them are in these fields. Consequently, it is quasi-impossible for the reader to purchase all these books. The present work contains knowledge, techniques and revelations, no other author has ever discussed, simply because they emerge from the teachings of the authors Enlightened Masters and his own philosophy. Add to the fact, that no other author or researcher has ever approached these topics, simply because they were brought to the West, for the first time in history, from the authors own vision and perspective. You will NOT find the material of this book in any other work, and/or in any library. As a matter of fact, the material of the present work (Volumes 1 and 2) is to a certain degree in sharp contrast with what it has been said or

written in these fields. No one can claim that this book was inspired by or based upon any existing published book. It is a journey to new dimensions, and analysis of the physical and mental worlds as interpreted personally by the author. The contents include: 1. Description of the Afterlife in all its states and dimensions. 2. What do we see when we enter the afterlife zone? 3. The various states of metamorphosis of the mind-body of a deceased person in the after-life. 4. Experiences dead people encounter in the next dimension. 5. How to bring good luck to your endeavors and surmount obstacles and hardship that prevent you from succeeding in life. 6. How to use Earth energy to your advantage and block others bad vibes and vicious intentions that are causing you harm and damage. 7. The first stage of the afterlife during the 40 day period following death, and how to communicate with your departed loved ones and pets. 8. How the Anunnaki created us genetically 65,000 years ago. 9. The mysterious and hidden world of the Anunnaki Ulema as the author knew it and explored it. 10. Foreseeing the future and rewinding time; revisiting your childhood and past life in different dimensions. 11. How the Masters, the Mounawiriin, and the Anunnaki Ulema transpose you from the present to the future? 12. How to develop The Supersymmetric Mind. 13. Study of the influence of the Anunnakis programming of our brain and fate. 14. The duplicate image of ourselves or reproduction of our body in other dimensions. 15. The early human species and races created by the extraterrestrials. 16. How to learn The Anunnaki Ulema supernatural and mind power techniques. 17. Entering a parallel dimension; Is it possible to enter a parallel dimension and leave there all your troubles? YES! 18. Occult techniques and talismans to protect yourself from others. And much much more.-By Dina Vittantonio, Editor. Located on a 160 x 25 site near the south entrance of Newburyports Clipper City Rail Trail, the Alchemical Garden is a richly layered evolving art and horticulture experience that is accessible on many different levels to the public. Alchemical Garden Plot plan Alchemical Garden is designed to become a model for a sustainable, interactive public garden through the use of symbiotic, low maintenance plantings and recycled materials. The ancient discipline of Alchemy marries art and science and is famously known for transforming a common material into gold. The Alchemical Garden will lead the community to transform on a number of levels : Alchemical Garden with Spring Wheat "Crop Circles" June, 2011 BUILD COMMUNITY: The Garden creates a gathering space for individuals to form a more intimate relationship with their community. The space is designed with visual features and seating areas to compel passers-by to pause, reflect, and have a multi-sensory interactive experience ( sight, smell, touch, taste, smell) with the garden and the community.
