

Half Brother

Ben Tomlin has been an only child for thirteen years. So when his research-scientist parents bring home a baby chimp to raise as a human child, Bens life is turned upside-down. Teaching a baby chimp how to understand language is not his idea of fun, especially when hes trying to settle in at his new school. But it isnt long before Zans infectious personality endears him to everyone and he becomes a real member of the family. But just what will happen when he grows up and the experiment comes to an end? Ben must take dramatic steps, and the repercussions ricochet through his home and community with devastating results. This phenomenal novel is a thought-provoking story of relationships and family, first love, growing up, ethics and dilemmas.

Green Artists League GALvanizing Eco-Responsibility Subscribe via RSS HOME ABOUT ALCHEMICAL GARDEN ECOVENTIONS Help Cultivate The Alchemical Garden: An Edible Garden and Art Park at Newburyport's Rail Trail Posted by erin on April 25, 2011 3 comments The Alchemical Garden site February 2010 GAL is turning a desolate field of weeds into a visually compelling garden that will educate and engage the community for years to come. Located on a 160 x 25 site near the south entrance of Newburyports Clipper City Rail Trail, the Alchemical Garden is a richly layered evolving art and horticulture experience that is accessible on many different levels to the public. Alchemical Garden Plot plan Alchemical Garden is designed to become a model for a sustainable, interactive public garden through the use of symbiotic, low maintenance plantings and recycled materials. The ancient discipline of Alchemy marries art and science and is famously known for transforming a common material into gold. The Alchemical Garden will lead the community to transform on a number of levels : Alchemical Garden with Spring Wheat "Crop Circles" June, 2011 BUILD COMMUNITY: The Garden creates a gathering space for individuals to form a more intimate relationship with their community. The space is designed with visual features and seating areas to compel passers-by to pause, reflect, and have a multi-sensory interactive experience (sight, smell, touch, taste, smell) with the garden and the community.
