

# Voted Out: The Psychological Consequences of Anti-Gay Politics (Qualitative Studies in Psychology)

When, in 1992, the citizens of Colorado ratified Amendment 2, effectively stripping lesbians, gay men, and bisexuals of protection from discrimination under the states constitution, the vote divided the state and left the gay population disspirited and angry. Their psychological predicament offered an opportunity to examine the precise intersection at which the individual meets social oppression. Voted Out is the first to document the psychological impact of anti-gay legislation on the gay community, illustrating the range of reactions, from depression, anger, and anxiety to a sense of empowerment and a desire to mobilize, which such legislation can engender. It also offers a detailed account of an innovative team approach to the qualitative coding and analysis process. Blending traditional quantitative methods with more innovative qualitative analyses, it provides a valuable opportunity to compare quantitative and qualitative data focused on the same issue within one volume. The volume specifically addresses researchers use of the results of their research beyond publication and the ways in which research undertaken to examine a social issue can be returned to the community.

Green Artists League GALvanizing Eco-Responsibility Subscribe via RSS HOME ABOUT ALCHEMICAL GARDEN ECOVENTIONS Help Cultivate The Alchemical Garden: An Edible Garden and Art Park at Newburyportâ€™s Rail Trail Posted by erin on April 25, 2011 3 comments The Alchemical Garden site February 2010 GAL is turning a desolate field of weeds into a visually compelling garden that will educate and engage the community for years to come. Located on a 160 x 25 site near the south entrance of Newburyports Clipper City Rail Trail, the Alchemical Garden is a richly layered evolving art and horticulture experience that is accessible on many different levels to the public. Alchemical Garden Plot plan Alchemical Garden is designed to become a model for a sustainable, interactive public garden through the use of symbiotic, low maintenance plantings and recycled materials. The ancient discipline of Alchemy marries art and science and is famously known for transforming a common material into gold. The Alchemical Garden will lead the community to transform on a number of levels : Alchemical Garden with Spring Wheat "Crop Circles" June, 2011 BUILD COMMUNITY: The Garden creates a gathering space for individuals to form a more intimate relationship with their community. The space is designed with visual features and seating areas to compel passers-by to pause, reflect, and have a multi-sensory interactive experience ( sight, smell, touch, taste, smell) with the garden and the community.
