

Tables of Planetary Phenomena

This amazing volume has a wealth of information for the astrological researcher, teacher and student. A wide variety of tables are provided for varied time periods from 501 BC through AD 2100 to facilitate ease in correlating history with planetary patterns. An explanatory article by prominent astrologers precedes each table; each designed to give tips on how to use the tabular information, with examples from astrological practice and tradition. In one section, author/programmer Neil F. Michelsen, originator of the best-selling American Ephemeris series, displays mandalas constructed from calculations of orbital patterns. These striking figures are both interesting (the Venus-Earth mandala forms a heart!) and inspirational, demonstrating the beauty of the design of our Universe.

Green Artists League GALvanizing Eco-Responsibility Subscribe via RSS HOME ABOUT ALCHEMICAL GARDEN ECOVENTIONS Help Cultivate The Alchemical Garden: An Edible Garden and Art Park at Newburyport's Rail Trail Posted by erin on April 25, 2011 3 comments The Alchemical Garden site February 2010 GAL is turning a desolate field of weeds into a visually compelling garden that will educate and engage the community for years to come. Located on a 160 x 25 site near the south entrance of Newburyports Clipper City Rail Trail, the Alchemical Garden is a richly layered evolving art and horticulture experience that is accessible on many different levels to the public. Alchemical Garden Plot plan Alchemical Garden is designed to become a model for a sustainable, interactive public garden through the use of symbiotic, low maintenance plantings and recycled materials. The ancient discipline of Alchemy marries art and science and is famously known for transforming a common material into gold. The Alchemical Garden will lead the community to transform on a number of levels : Alchemical Garden with Spring Wheat "Crop Circles" June, 2011 BUILD COMMUNITY: The Garden creates a gathering space for individuals to form a more intimate relationship with their community. The space is designed with visual features and seating areas to compel passers-by to pause, reflect, and have a multi-sensory interactive experience (sight, smell, touch, taste, smell) with the garden and the community.
