

# Hogarth's Legacy

The legacy of graphic artist William Hogarth (1697-1764) remains so emphatic that even his last name has evolved into a common vernacular term referring to his characteristically scathing form of satire. Featuring rarely seen images and written contributions from leading scholars, this book showcases a collection of the artists works gathered from the Lewis Walpole Library at Yale University and other repositories. It attests to the idiosyncratic nature of his style and its international influence, which continues to incite aesthetic and moral debate among critics. The eight essays by eminent Hogarth experts help to further contextualize the artists unique narrative strategies, embedding the work within German philosophical debates and the moral confusion of the Victorian period and emphasizing the social and political dimensions that are part and parcel of its profound impact. Endlessly parodied and emulated, Hogarth's distinctive satire persists in its influence throughout the centuries and this publication provides the necessary lens through which to view it.

Located on a 160 x 25 site near the south entrance of Newburyports Clipper City Rail Trail, the Alchemical Garden is a richly layered evolving art and horticulture experience that is accessible on many different levels to the public. Alchemical Garden Plot plan Alchemical Garden is designed to become a model for a sustainable, interactive public garden through the use of symbiotic, low maintenance plantings and recycled materials. The ancient discipline of Alchemy marries art and science and is famously known for transforming a common material into gold. The Alchemical Garden will lead the community to transform on a number of levels : Alchemical Garden with Spring Wheat "Crop Circles" June, 2011 BUILD COMMUNITY: The Garden creates a gathering space for individuals to form a more intimate relationship with their community. The space is designed with visual features and seating areas to compel passers-by to pause, reflect, and have a multi-sensory interactive experience ( sight, smell, touch, taste, smell) with the garden and the community.
