

# A Comprehensive Grammar to Hammurabis Stele

Probably more than anything else, a knowledge of Akkadian language and literature has taught the world of twentieth-century scholarship about the Bible within its Ancient Middle Eastern context. One of the most important sources of this knowledge stems from the many publications in the earlier part of that century concerned with the laws of Hammurabi. In his previous book on the subject the author provided a complete index of the vocabulary of that long inscription. He now provides a complete grammar, so that a student of Akkadian can learn the elements of the language by reading the stele as a whole. The standard hand-copy of the cuneiform text is set out in columns opposite a phonetic transcription, thus the comprehensive set of citations illustrating various points of Akkadian grammar presented in subsequent chapters can be easily checked within their wider linguistic context. This is supplemented with an alphabetically arranged list of the phonetic values of all the cuneiform signs that occur in the text which includes Sumerograms as well as phonograms. The quality of the excellent original photographs of the stele taken soon after it had been excavated merits their inclusion as an appendix. This book, when used in conjunction with the authors previous Hammurabis Laws, makes it possible for a student to learn to read and understand the whole text of Hammurabis Stele. Mervyn Richardson studied Semitic languages in England, principally at the University of Durham, but also at the University of London. His teaching career was spent at the University of Manchester. There he was very actively involved with the editing of the Journal of Semitic Studies. He currently works at Leiden University where he is an honorary research worker and is the author of the English edition of Hebrew and Aramaic Lexicon of the Old Testament (based on

the German edition by L. Koehler and W. Baumgartener), and also of Hammurabis Laws.

Green Artists League GALvanizing Eco-Responsibility Subscribe via RSS HOME ABOUT ALCHEMICAL GARDEN ECOVENTIONS Help Cultivate The Alchemical Garden: An Edible Garden and Art Park at Newburyport's Rail Trail Posted by erin on April 25, 2011 3 comments The Alchemical Garden site February 2010 GAL is turning a desolate field of weeds into a visually compelling garden that will educate and engage the community for years to come. Located on a 160 x 25 site near the south entrance of Newburyports Clipper City Rail Trail, the Alchemical Garden is a richly layered evolving art and horticulture experience that is accessible on many different levels to the public. Alchemical Garden Plot plan Alchemical Garden is designed to become a model for a sustainable, interactive public garden through the use of symbiotic, low maintenance plantings and recycled materials. The ancient discipline of Alchemy marries art and science and is famously known for transforming a common material into gold. The Alchemical Garden will lead the community to transform on a number of levels : Alchemical Garden with Spring Wheat "Crop Circles" June, 2011 BUILD COMMUNITY: The Garden creates a gathering space for individuals to form a more intimate relationship with their community. The space is designed with visual features and seating areas to compel passers-by to pause, reflect, and have a multi-sensory interactive experience ( sight, smell, touch, taste, smell) with the garden and the community.
