Located on a 160,000 sq ft site at the south entrance of Newburyport's Clipper City Rail Trail, the Alchemical Garden is designed to become a model for a sustainable, interactive public garden through the use of symbiotic, low-maintenance plantings and recycled materials. The ancient discipline of Alchemy merges art and science and is famously known for transforming a common material into gold. The Alchemical Garden will lead the community to transform on a number of levels : Alchemical Garden with Spring Wheat "Crop Circle" June, 2011 BUILD COMMUNITY: The Garden creates a gathering space for individuals to form a more intimate relationship with their community.
