

The Cores of Strategic Management

Most strategic management textbooks seem to stem from the old belief that more is always better. But in this age of data deluge, many are calling for a return to the basics. If students can master the core concepts and learn how to apply these basics, they are bound to be better equipped to approach and resolve even the most complex problems. This book, unlike most textbooks, focuses on the core concepts of strategic management, aiming to help students understand the basic ideas of the field more clearly, rather than overloading them with new, peripherally-related information. With cases designed to help students apply their deeper understanding of the core concepts, this book will equip any student with the solid grounding in strategic management fundamentals needed to succeed in the academic and professional arena.

Located on a 160 x 25 site near the south entrance of Newburyports Clipper City Rail Trail, the Alchemical Garden is a richly layered evolving art and horticulture experience that is accessible on many different levels to the public. Alchemical Garden Plot plan Alchemical Garden is designed to become a model for a sustainable, interactive public garden through the use of symbiotic, low maintenance plantings and recycled materials. The ancient discipline of Alchemy marries art and science and is famously known for transforming a common material into gold. The Alchemical Garden will lead the community to transform on a number of levels : Alchemical Garden with Spring Wheat "Crop Circles" June, 2011 BUILD COMMUNITY: The Garden creates a gathering space for individuals to form a more intimate relationship with their community. The space is designed with visual features and seating areas to compel passers-by to pause, reflect, and have a multi-sensory interactive experience (sight, smell, touch, taste, smell) with the garden and the community.
