

The E.Q. Genius: Mastering Emotional Intelligence

Almost everyone is familiar with IQ, or Intelligence Quotient, a measurement of intelligence arrived at by tests of reasoning and comprehension. A little less well-known is EQ, which refers to emotional intelligence. We know what emotions are--happiness, sadness, fear, anger, boredom, surprise--but what, specifically, is the meaning of emotional intelligence? Simply put, emotional intelligence is the ability to perceive, understand, express and control emotions. At the most basic level, perception: being in touch with your emotions, as well as the emotions of others. When you feel bad, do you know specifically what you are feeling? Is it anger, fear, anxiety, sadness, or just boredom? How accurately you can evaluate your feelings is a measure of emotional intelligence. Another important component is how well you can correctly identify the emotions of others. Most of us tend to do this subconsciously, through the observation of facial expressions, body language, and vocal tone, as well as consciously, by listening to what others say (however, if those to whom you are listening are not well in touch with their own emotions, or have a reason to be duplicitous about how they are feeling, its best to go with the non-verbal cues).

Located on a 160 x 25 site near the south entrance of Newburyports Clipper City Rail Trail, the Alchemical Garden is a richly layered evolving art and horticulture experience that is accessible on many different levels to the public. Alchemical Garden Plot plan Alchemical Garden is designed to become a model for a sustainable, interactive public garden through the use of symbiotic, low maintenance plantings and recycled materials. The ancient discipline of Alchemy marries art and science and is famously known for transforming a common material into gold. The Alchemical Garden will lead the community to transform on a number of levels : Alchemical Garden with Spring Wheat "Crop Circles" June, 2011 BUILD COMMUNITY: The Garden creates a gathering space for individuals to form a more intimate relationship with their community. The space is designed with visual features and seating areas to compel passers-by to pause, reflect, and have a multi-sensory interactive experience (sight, smell, touch, taste, smell) with the garden and the community.
