

## Sufi Reflections

The fifty-two chapters (not counting five appendices) which make up the main body of this book encompass lectures, articles, and letters/e-mails written over a period of about eleven years (from about 1998 through 2009). The material covers a variety of thematic topics both within Islam, in general, as well as with respect to its mystical dimension of tasawwuf - known in the West as the Sufi path or sufism - in particular. Taken collectively, the chapters and appendices provide a very good introduction to both the Sufi path and Islam.

Located on a 160 x 25 site near the south entrance of Newburyports Clipper City Rail Trail, the Alchemical Garden is a richly layered evolving art and horticulture experience that is accessible on many different levels to the public. Alchemical Garden Plot plan Alchemical Garden is designed to become a model for a sustainable, interactive public garden through the use of symbiotic, low maintenance plantings and recycled materials. The ancient discipline of Alchemy marries art and science and is famously known for transforming a common material into gold. The Alchemical Garden will lead the community to transform on a number of levels : Alchemical Garden with Spring Wheat "Crop Circles" June, 2011 BUILD COMMUNITY: The Garden creates a gathering space for individuals to form a more intimate relationship with their community. The space is designed with visual features and seating areas to compel passers-by to pause, reflect, and have a multi-sensory interactive experience ( sight, smell, touch, taste, smell) with the garden and the community.
