Written by a lawyer and an economist, *Governing Fortune* summarizes the legal framework supporting the gaming industry and reviews the costs and benefits of casinos by showing how tax base and job growth vary widely with site-specific factors. The book sets forth an innovative proposal for the licensing of gamblers as a means to balance the liberty interests of individuals against the social costs generated from problem gambling behavior. Morse and Goss offer both regional and sector comparisons of the gaming industry and accessible data about every aspect of the gaming environment, including the impact of gambling on economic and social environments. Goss and Morse provide an outstandingly sound economic understanding of the function and place of casinos in American society, including essential heretofore unavailable grounding in the legal issues that the book accomplishes remarkably effectively. Moreover, this wealth of economic and legal information is transmitted in an engaging and readable manner. Scholarly, thoughtfully collected and authoritative, the book is of interest to any learner of the gambling industry, including students, civic activists, legislators, and scholars. Earl Grinols, Baylor University

In this book, Morse and Goss make important contributions to our understanding of the negative outcomes of the expansion of gambling in America. Jon Bruning, Nebraska Attorney General

Edward A. Morse is Professor of Law and holder of the McGrath North Mullin & Kratz Endowed Chair in Business Law at Creighton University School of Law. Ernest P. Goss is Professor of Economics and MacAllister Chair at Creighton University and was a 2004 scholar-in-residence with the Congressional Budget Office.

ECOVENTIONS Help Cultivate The Alchemical Garden: An Edible Garden and Art Park at Newburyportâ€™s Rail Trail Posted by erin on April 25, 2011 3 comments The Alchemical Garden site February 2010 GAL is turning a desolate field of weeds into a visually compelling garden that will educate and engage the community for years to come. Located on a 160 x 25 site near the south entrance of Newburyports Clipper City Rail Trail, the Alchemical Garden is a richly layered evolving art and horticulture experience that is accessible on many different levels to the public. Alchemical Garden Plot plan Alchemical Garden is designed to become a model for a sustainable, interactive public garden through the use of symbiotic, low maintenance plantings and recycled materials. The ancient discipline of Alchemy marries art and science and is famously known for transforming a common material into gold. The Alchemical Garden will lead the community to transform on a number of levels : Alchemical Garden with Spring Wheat "Crop Circles" June, 2011 BUILD COMMUNITY: The Garden creates a gathering space for individuals to form a more intimate relationship with their community. The space is designed with visual features and seating areas to compel passers-by to pause, reflect, and have a multi-sensory interactive experience ( sight, smell, touch, taste, smell) with the garden and the community.
