Retail sales are a vital part of salon services, but many salon professionals cite a host of reasons why they don't sell: I'm not trained to sell. I'm not sure which products to offer. Selling retail only helps the salon owner. I don't have time to sell. In *Completing the Service*, author Sheila J. Cline-Bass presents a fun and informational program designed to change the way you view salon retail sales and help you understand the impact retailing can have on your economic success. Employing a keep it simple approach, Cline-Bass helps you learn the power, procedure, and profit potential of retail sales by exploring all facets of the business, including ways retail sales can help your business grow; reasons people buy; processes for setting goals; eleven steps to completing the service. The approach presented in *Completing the Service* can help you substantially increase your retail sales and thereby increasing your personal income, salon profits, and client retention.
