

Seeing The Wider Picture

Meditation is often seen by those who do not practise it as something mysterious, something foreign, even something hippy, yet many of us have experienced a meditative state without even realising it. There is an ever-increasing body of opinion, let alone evidence, that meditation is good for you and particularly helps in dealing with stress. This book helps to break down the mystery, by making the practice more accessible, and by giving you a series of simple-to-follow exercises: a step-by-step, how-to guide to meditation. Even experienced meditators should find something to enjoy in the exercises within. This book helps you to start to access a different dimension and a new perspective on what is going on in your life and beyond it. It will start a process in you of looking afresh. It will help you to open your eyes - by closing them - so you can begin to see the Wider Picture.

Located on a 160 x 25 site near the south entrance of Newburyport's Clipper City Rail Trail, the Alchemical Garden is a richly layered evolving art and horticulture experience that is accessible on many different levels to the public. Alchemical Garden Plot plan Alchemical Garden is designed to become a model for a sustainable, interactive public garden through the use of symbiotic, low maintenance plantings and recycled materials. The ancient discipline of Alchemy marries art and science and is famously known for transforming a common material into gold. The Alchemical Garden will lead the community to transform on a number of levels : Alchemical Garden with Spring Wheat "Crop Circles" June, 2011 BUILD COMMUNITY: The Garden creates a gathering space for individuals to form a more intimate relationship with their community. The space is designed with visual features and seating areas to compel passers-by to pause, reflect, and have a multi-sensory interactive experience (sight, smell, touch, taste, smell) with the garden and the community.
