

Family Child Care Guide to Visits, Inspections, and Interviews (Redleaf Business Series)

Learn the skills and best practices to make receiving visits more productive and worry-free. As a family child care professional, you nurture and teach children during their most formative years. Being a family child care provider also means you must attend to families, licensors, food program representatives, coaches, and other people who visit your in-home business. This guide is filled with everything you need to successfully prepare for and host visits from people involved in the operation and regulation of your business. This book includes case studies featuring more than twenty common challenges that can occur during visits and skill-based solutions and successful strategies you can use to prepare for those situations. It also provides checklists and self-examination activities to help you welcome and connect with potential families, specialists, and inspectors in positive ways, as well as support, guidance, and techniques to enhance your program. Donna C. Hurley has been writing and delivering trainings for providers, parents, and home visitors for more than forty years. Sharon Woodward has more than twenty years of experience supporting family child care professionals.

Green Artists League GALvanizing Eco-Responsibility Subscribe via RSS HOME ABOUT ALCHEMICAL GARDEN ECOVENTIONS Help Cultivate The Alchemical Garden: An Edible Garden and Art Park at Newburyport's Rail Trail Posted by erin on April 25, 2011 3 comments The Alchemical Garden site February 2010 GAL is turning a desolate field of weeds into a visually compelling garden that will educate and engage the community for years to come. Located on a 160 x 25 site near the south entrance of Newburyport's Clipper City Rail Trail, the Alchemical Garden is a richly layered evolving art and horticulture experience that is accessible on many different levels to the public. Alchemical Garden Plot plan Alchemical Garden is designed to become a model for a sustainable, interactive public garden through the use of symbiotic, low maintenance plantings and recycled materials. The ancient discipline of Alchemy marries art and science and is famously known for transforming a common material into gold. The Alchemical Garden will lead the community to transform on a number of levels : Alchemical Garden with Spring Wheat "Crop Circles" June, 2011 BUILD COMMUNITY: The Garden creates a gathering space for individuals to form a more intimate relationship with their community. The space is designed with visual features and seating areas to compel passers-by to pause, reflect, and have a multi-sensory interactive experience (sight, smell, touch, taste, smell) with the garden and the community.
