

Trends in Training

In the modern workplace, millions of dollars are spent each year on employee training. All too often, however, little thought and effort is spent on evaluating training and ensuring that the correct training is taking place. Successful training is about understanding both organizational goals and employee behavior. The basis for this book is the 9th Annual River Cities Industrial and Organizational Psychology Conference held on the campus of The University of Tennessee at Chattanooga in October 2013. The theme of the conference was Trends in Training. Accordingly, the focus of many of the talks was on how to train people to thrive and succeed in the environment where they spend a large portion of their lives the workplace.

Located on a 160 x 25 site near the south entrance of Newburyports Clipper City Rail Trail, the Alchemical Garden is a richly layered evolving art and horticulture experience that is accessible on many different levels to the public. Alchemical Garden Plot plan Alchemical Garden is designed to become a model for a sustainable, interactive public garden through the use of symbiotic, low maintenance plantings and recycled materials. The ancient discipline of Alchemy marries art and science and is famously known for transforming a common material into gold. The Alchemical Garden will lead the community to transform on a number of levels : Alchemical Garden with Spring Wheat "Crop Circles" June, 2011 BUILD COMMUNITY: The Garden creates a gathering space for individuals to form a more intimate relationship with their community. The space is designed with visual features and seating areas to compel passers-by to pause, reflect, and have a multi-sensory interactive experience (sight, smell, touch, taste, smell) with the garden and the community.
