

Managing IT Human Resources

This book discusses set of topics related to human resources who works in information technology; i.e. who are working in datacenters, system Administration, software development etc. Common human resources life cycle approach was followed that starts by hiring, developing and/or managing, and ending by transitioning datacenter worker to a new stage that might include rotating to another job within the organization. Set of parameters are usually influencing Human recourse planning among them: business requirements, nature of technology implemented and available budgets. Some best practices for hiring and managing. The book discusses human resources life cycle including organizing, motivation and risks management according to globally accredited best practices and controls which eventually will facilitate operations excellence.

Green Artists League GALvanizing Eco-Responsibility Subscribe via RSS HOME ABOUT ALCHEMICAL GARDEN ECOVENTIONS Help Cultivate The Alchemical Garden: An Edible Garden and Art Park at Newburyport's Rail Trail Posted by erin on April 25, 2011 3 comments The Alchemical Garden site February 2010 GAL is turning a desolate field of weeds into a visually compelling garden that will educate and engage the community for years to come. Located on a 160 x 25 site near the south entrance of Newburyports Clipper City Rail Trail, the Alchemical Garden is a richly layered evolving art and horticulture experience that is accessible on many different levels to the public. Alchemical Garden Plot plan Alchemical Garden is designed to become a model for a sustainable, interactive public garden through the use of symbiotic, low maintenance plantings and recycled materials. The ancient discipline of Alchemy marries art and science and is famously known for transforming a common material into gold. The Alchemical Garden will lead the community to transform on a number of levels : Alchemical Garden with Spring Wheat "Crop Circles" June, 2011 BUILD COMMUNITY: The Garden creates a gathering space for individuals to form a more intimate relationship with their community. The space is designed with visual features and seating areas to compel passers-by to pause, reflect, and have a multi-sensory interactive experience (sight, smell, touch, taste, smell) with the garden and the community.
