

The Five Faces of Genius: Creative Thinking Styles to Succeed at Work

What do Wolfgang Amadeus Mozart, Leonardo da Vinci, and Ray Kroc, the man who created the McDonalds franchise enterprise, have in common? They have all mastered the skills of creative genius-essential tools in today's business climate. Having researched the lives and techniques of past and present geniuses for this inspiring and provocative new handbook, Annette Moser-Wellman helps workers at all levels build and refine their working styles. These qualities of creativity—drawn from the realms of art, science, as well as business—make up the five distinct faces: Seer—the power to image
Observer—the power to notice details
Alchemist—the power to make connections
Fool—the power to celebrate weakness
Sage—the power to simplify
Moser-Wellman shows how we can utilize these creative thinking strategies and flourish in the workplace.

Located on a 160 x 25 site near the south entrance of Newburyport's Clipper City Rail Trail, the Alchemical Garden is a richly layered evolving art and horticulture experience that is accessible on many different levels to the public. Alchemical Garden Plot plan Alchemical Garden is designed to become a model for a sustainable, interactive public garden through the use of symbiotic, low maintenance plantings and recycled materials. The ancient discipline of Alchemy marries art and science and is famously known for transforming a common material into gold. The Alchemical Garden will lead the community to transform on a number of levels: Alchemical Garden with Spring Wheat "Crop Circles" June, 2011 BUILD COMMUNITY: The Garden creates a gathering space for individuals to form a more intimate relationship with their community. The space is designed with visual features and seating areas to compel passers-by to pause, reflect, and have a multi-sensory interactive experience (sight, smell, touch, taste, smell) with the garden and the community.
