

The Emergence of Entrepreneurship Policy: Governance, Start-Ups, and Growth in the U.S. Knowledge Economy

This volume seeks to catalyze the emergence of a novel field of policy studies: entrepreneurship policy. Practical experience and academic research both point to the central role of entrepreneurs in the process of economic growth and to the importance of public policy in creating the conditions under which entrepreneurial companies can flourish. The contributors, who hail from the disciplines of economics, geography, history, law, management, and political science, seek to crystallize key findings and to stimulate debate about future opportunities for policy-makers and researchers in this area. The chapters include surveys of the economic, social, and cultural contexts for US entrepreneurship policy; assessments of regional efforts to link knowledge producers to new enterprises; explorations of policies that aim to foster entrepreneurship in under-represented communities; detailed analyses of three key industries (biotechnology, e-commerce, and telecommunications); and considerations of challenges in policy implementation.

Green Artists League GALvanizing Eco-Responsibility Subscribe via RSS HOME ABOUT ALCHEMICAL GARDEN ECOVENTIONS Help Cultivate The Alchemical Garden: An Edible Garden and Art Park at Newburyport's Rail Trail Posted by erin on April 25, 2011 3 comments The Alchemical Garden site February 2010 GAL is turning a desolate field of weeds into a visually compelling garden that will educate and engage the community for years to come. Located on a 160 x 25 site near the south entrance of Newburyports Clipper City Rail Trail, the Alchemical Garden is a richly layered evolving art and horticulture experience that is accessible on many different levels to the public. Alchemical Garden Plot plan Alchemical Garden is designed to become a model for a sustainable, interactive public garden through the use of symbiotic, low maintenance plantings and recycled materials. The ancient discipline of Alchemy marries art and science and is famously known for transforming a common material into gold. The Alchemical Garden will lead the community to transform on a number of levels : Alchemical Garden with Spring Wheat "Crop Circles" June, 2011 BUILD COMMUNITY: The Garden creates a gathering space for individuals to form a more intimate relationship with their community. The space is designed with visual features and seating areas to compel passers-by to pause, reflect, and have a multi-sensory interactive experience (sight, smell, touch, taste, smell) with the garden and the community.
